for the EEE Collaboration

*Museo Storico della Fisica e Centro Studi e Ricerche Enrico Fermi and Laboratori Nazionali di Frascati - INFN

Today's meeting

Homework in preparation for next conferences

Informazioni sull'International Cosmic Day 2018 → talk by Prof. Marina Trimarchi

Talks by schools:

1. Analisi della distribuzione angolare dei muoni con LabView
I.I.T Enrico Fermi (Frascati)
2. COME NON TROVARE UN FORBUSH: relazione finale progetto EEE 5[^]C
Liceo Gobetti (Torino)

Current deadlines

Deadline for submission of the (mandatory) annual project: November 7°, 2018

Projects to be sent to segreteriaEEE@centrofermi.it

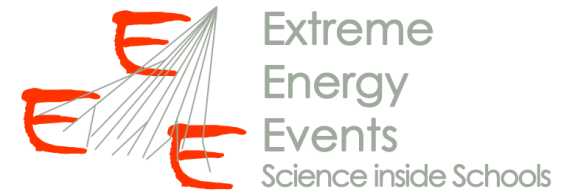

Annual projects are different from A.S.L. projects

Template for the project:

https://www.dropbox.com/s/wealum1uw26peh/schema_progetto_EEE_AS_2018_2019.docx?dl=0

Deadline for submission of the (optional) project for the Cosmic Box Contest: November 30°, 2018

In preparation for the 9°/10° Conferenza dei Progetti del Centro Fermi/Progetto EEE

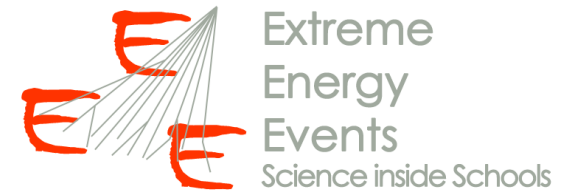

In Erice and Torino conferences, different activities will be devoted to data analysis.

To this end, in preparation for the conference do practise with the following activities in **Excel** and/or **Google Spreadsheets**:

- General column manipulation (data format etc)
- Plot 1D distributions
- Plot 2D distributions (x vs. y)
- Get the mean and the RMS of a 1D distribution

Next Run Coordination Meeting open to schools

December 19^o (Wednesday), 2018
14:30

- Deadline for talk request: December 12^o, 2018
- If there won't be candidates, speakers will be drawn on Thursday 13^o, 2018
