

Collecting and analyzing cosmic rays during the A.S. 2019/2020 with the EEE Project

Silvia Pisano*

**Museo Storico della Fisica e Centro Studi e
Ricerche «Enrico Fermi»*

silvia.pisano@centrofermi.it

The annual project

Any school should contribute to the EEE experiment by realizing an annual project on a subject of interest for the Collaboration.

Some examples of eligible projects are:

1. Development of analysis tools or techniques for monitoring purposes
2. Data analysis project on available data for physics measurements
3. Activity on telescopes: (re-)commissioning of a telescope, characterization of telescope properties, development of procedure for testing detector performances
4. Development of documents or notes of interest for the collaboration

The annual project

Any school should contribute to the EEE experiment by realizing an annual project on a subject of interest for the Collaboration.

Deadline for submission: December 20^o, 2019

- Projects to be sent to both the addresses: segreteriaEEE@centrofermi.it,
silvia.pisano@centrofermi.it
- Template for the project:

Cosmic Box Contest

We are happy to announce the 2019/2020 edition of the contest.

At the link

<https://agenda.centrofermi.it/event/92/contributions/613/attachments/350/538/TheCosmicBoxContest.pdf>

there is the presentation by Dr. Gnesi for last year's edition. Have a look to get inspired!

Deadline for submission: January 31°, 2020

Great opening!

On October 28^o, Centro Fermi officially moved to its institutional location in Via Panisperna 89^o.

A registration of the event can be found at

<https://www.youtube.com/watch?v=-BDBZJxvqXI>

Come and visit us!

The museum devoted to Enrico Fermi and located in the historical building of Via Panisperna is now open.

If you want to come and visit us, please let us know!

Next openings will be:

November 26, 28

December 3, 5, 10, 13, 16, 17, 19

Next Run Coordination Meeting

December 18^o (Wednesday), 2019
14:30

Deadline for talk request: December 16^o, 2019
